

# ERP Implementation Consultant

## COMPANY INFORMATION:

GoLive Experts an ERP implementation partner. We provide operational and software systems advice, consultancy, implementation, training and ongoing support services. We specialise in Oracle Netsuite ERP and Celigo IO software

We're looking for an Implementation Consultant to join our team. Our offices are based in Blackburn, however there will be an opportunity to work remotely from time to time.

You will need to collaborate with our Project Managers effectively and have some prior experience of working with ERP software solutions. Previous project management experience would also be considered. You will be an integral part of the project team for NetSuite ERP implementations.

You will be required to travel and work on customer sites supporting implementations and projects across the UK.

As part of this progressive role, GoLive Experts will offer full support through NetSuite & Celigo Certifications during the first two years of employment.

## JOB TITLE: ERP Implementation Consultant

What you'll do:

- Design and implement quality solutions using NetSuite's native functionality, Workflows, and Suitebuilder.
- Design process documentation supporting scalable, custom solutions and integrations.
- Manage end-to-end enhancement projects with stakeholders across retail, manufacturing and finance verticals.
- Troubleshoot process, application and functional issues, and manage these alongside our support team.
- Grow your technical and functional expertise in NetSuite, Celigo and auxiliary SaaS systems.
- Train our NetSuite end-users and provide ad-hoc functional support when needed.

Essential qualifications and experience:

- Bachelor's degree preferably in Computer Science or equivalent years of industry experience
- Functional experience with Ecommerce, Manufacturing and Financial processes in an ERP environment
- Excellent investigation and diagnostic skills
- Ability to build good relationships and clearly communicate expectations with team members and stakeholders.
- Proven track record of delivery
- High attention to detail

Desirable qualifications and experience:

- Experience with data migration
- 2+ years of industry experience preferable including NetSuite development experience with SuiteScript and Suiteflow
- NetSuite Certification such as ERP Consultant Certification or Administrator Certification desirable (certification support will be offered to suitable candidates)
- Involvement in 2-4 NetSuite implementations (including previous exposure to Oneworld)
- Ability to write and review process documentation and design specifications to support the NetSuite scoping process
- Expertise in Celigo iPaaS and prior experience in building NetSuite integrations with Celigo Integration Apps (further training will be offered)

**PACKAGE : NEGOTIABLE DOE (FULL TRAINING & CERTIFICATION OPPORTUNITY AVAILABLE)**
